Anatolian Lions

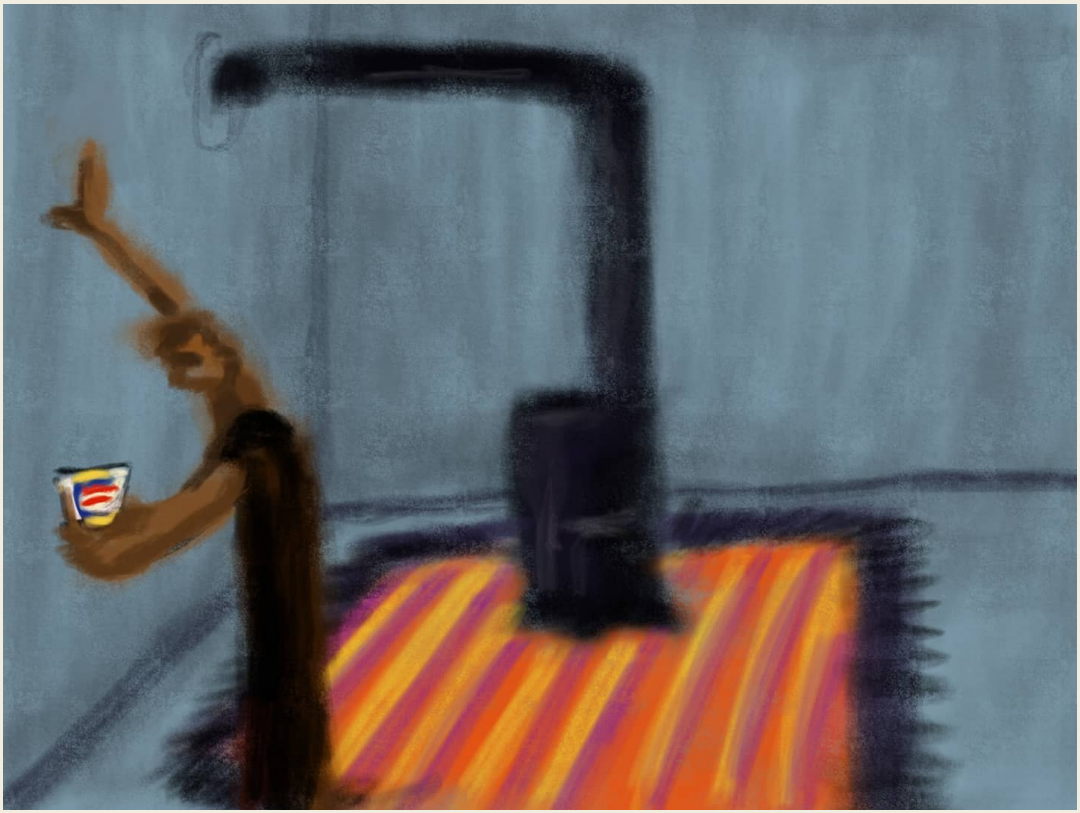

Anadolu halılarındaki aslan motifi, bu seride bir eşik bekçisine dönüşür. Dağların, ritüellerin ve dokuma motiflerinin izleri resim yüzeyinde çözülüp yeniden biçimlenir. Eşik, korunma ile direnç arasındaki gerilimin biçim kazandığı yerdir.

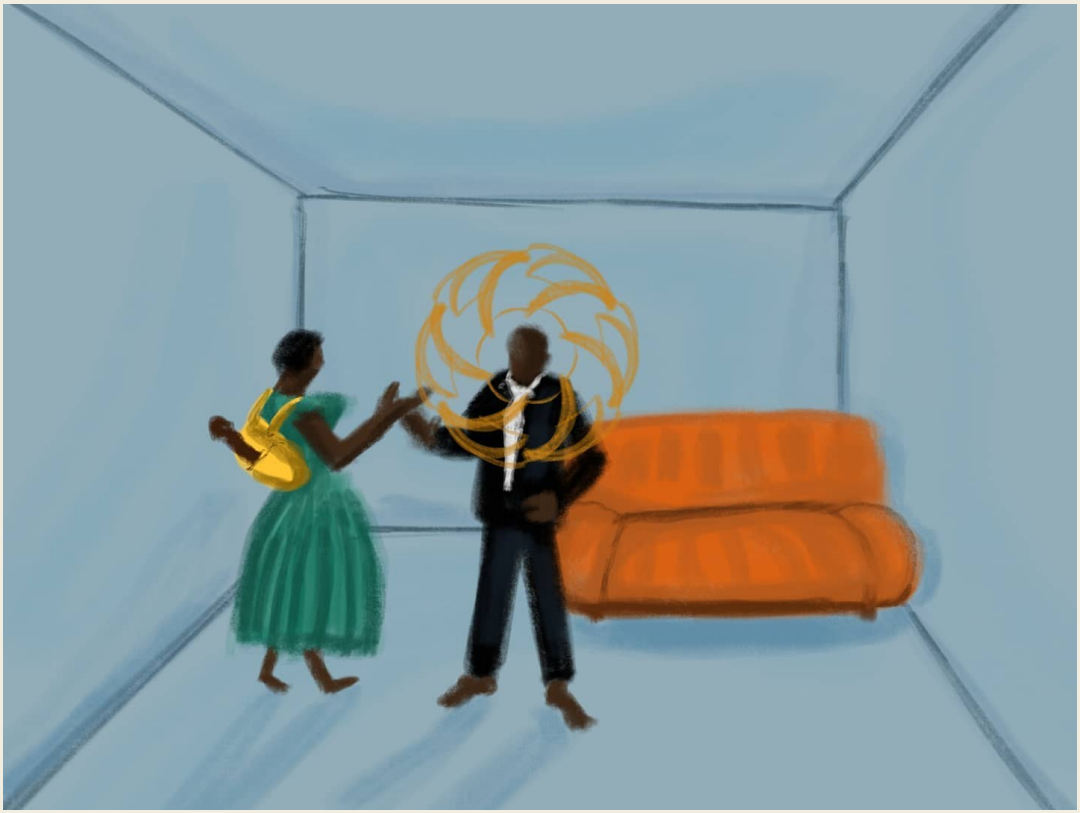

Anatolian Lions

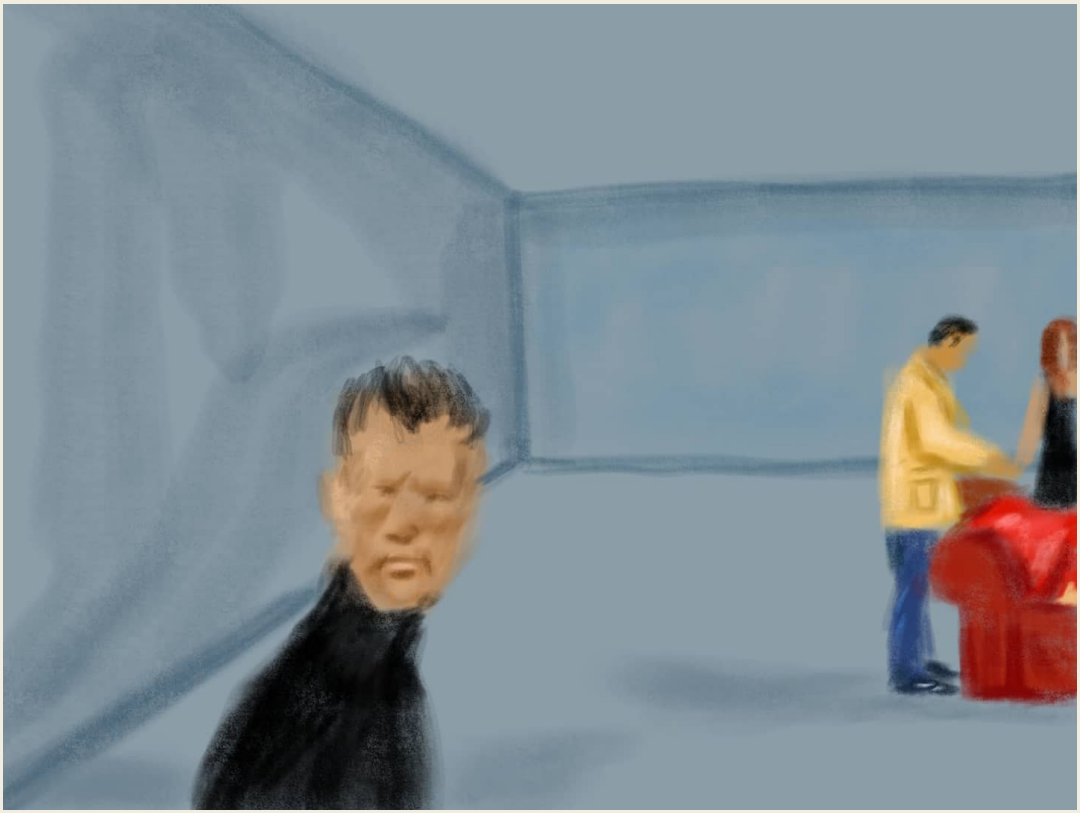

In this series, the lion motif found in Anatolian rugs becomes a guardian of the threshold. Traces of mountains, rituals and woven motifs dissolve and take shape again on the painted surface. The threshold is where the tension between protection and resistance takes form.

Resim, görünenin ve görünmeyenin arasında kalan bir alanda var olur. Anlam arayışı, çoğu zaman resmin kendisinden çok izleyenin zihninde başlar. Bu çalışma, formun, sezginin ve rastlantının izini sürer.
